G&R Tutorial Program

*Academic Enrichment programs allow children
the opportunity to:*

- *Navigate in a group environment*
- *Discover their strengths and weaknesses*
- *Learn how to think critically and problem solve*
- *Become better learners*
- *Build their social skills*
- *Develop a positive vision of the future*

Academic Tutoring and Coaching

- Reading
- Math
- Writing
- Science
- Social studies
- Homework Support

Test Prep

- Regents
- SHAT
- PSAT
- SAT

Who we are...

- A community based educational enrichment program for school aged children, (grades K - 12) in the East Elmhurst/Corona communities
- New York State Department of Education Board certified teachers
- A safe and nurturing environment for learning

What we do...

- We offer Saturday morning academic tutoring and coaching, along with test prep to all students from K—12.
- Our sessions are held during the school year as we follow the Public School calendar.
- We work with each child to help them realize their full potential by:

Increasing their knowledge and understanding of academic subjects

Reinforcing important study habits, daily routines and attitudes that can help them be more successful in school

Developing their confidence through positive social experiences, healthy peer connections and with quality Tutors

We have built relationships with local school administrators and parents to become a place where the individual needs of children can be met in order to help them overcome barriers to academic success.

Studies confirm that children who participate in quality enrichment programs can experience a boost in confidence and become better learners.

So, join us, as partners, to improve your child's academic performance and overall confidence and self-esteem.

***“Education is the most powerful weapon which you can use to change the world.”
- Nelson Mandela***
